But it is just a legend.

Over few thousand years, I am certain that the whole story has been twisted.

While you are waiting for someone,

Let's do some research on the legend.

And I will help you with that.

Yellow eyes

No cause was ever revealed.

What we do know  
is that, once turned,

Once "turned", the first and  
most visible symptoms is  
aggressiveness.

They are also unable to  
distinguish friends and foes  
and simply attack anything  
that moves.

After the initial phase,  
the second most visible  
symptom is their magic.

Unlike the normal people  
who can have only one element  
of magic in their life,

*Do not upload my projects to online manga readers.

The yellow eyes can possess  
one additional magic.

When the yellow eyes use  
their secondary magic, it will  
smell like a rotting corpse.

The biggest issue is their  
"cannibalism".

Soon after they turn and  
become aggressive,  
they start to hunt down  
humans.

The freezing  
breeze is making  
me feel better.

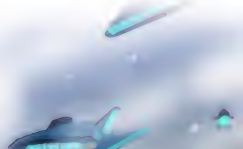

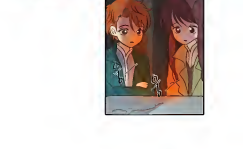

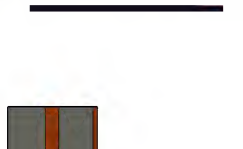

Why aren't  
you sleeping?

I should ask  
the same to  
you

I don't know

I don't know how  
I should accept this  
whole situation.

I've been here  
for a whole year

And he failed.

its people ...

If it was really what  
I think it was,  
Denzel would have done

wrong?

I am back!

Good  
morning!

Ah...  
good morning.

Where is  
Denzel?

My friend wants  
to take a bath... so

Oh, I see!

Aren't you  
hungry, cunni?

You haven't eaten  
food in this world,  
have you?

I wonder what kind  
of food you eat in  
your world!

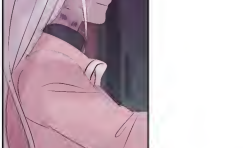

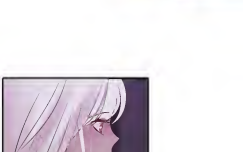

I hope you will like  
this ... It's pretty  
expensive in this  
world.

... Was I wrong?

Anything's  
fine with me.

Let me get that ...

Um ...

Want me to ... tie your hair ?

I will make it pretty.

Shining silver hair ... it's so pretty.

It feels so smooth also.

You ... think so ?

I have no idea.

I am serious.

Heheh ...

Nobody has caressed my hair before.

I don't even have clear memories of my mother.

But I feel like my mom is caressing my hair.

... Pri.

Are you ... bullied by any chance ?

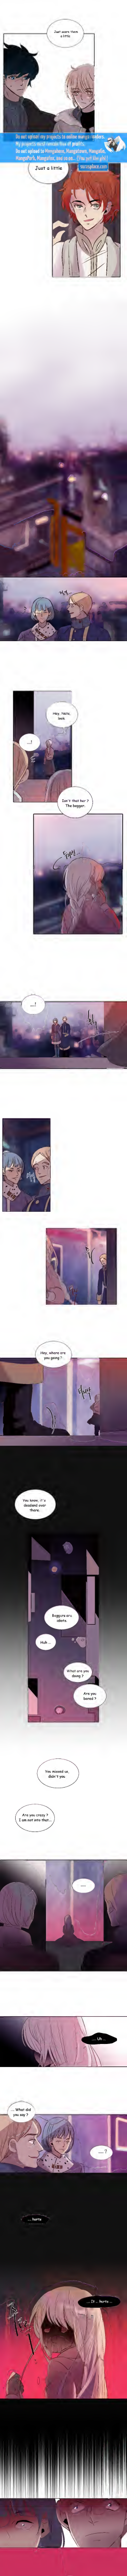

... Uh ? Uh ?

These are bruises.

And this one here looks fresh as if you got it today.
